Operations

Dr. Garg reported on the monthly Covanta Coordination meeting. He reported on the amount of waste being delivered to the facility, under the municipal contracts, and compared it to the prior years data.

Dr. Garg asked Mr. Traina to provide the Commissioners with an update on the Routes 1 & 9 realignment project. Mr. Traina reviewed the project for the Commissioners. Among the items discussed was the proposed access to the facility, location of the new gate and traffic control and staging plans. Of particular concern was the fact that the gate will not be installed prior to the shift in traffic to the new entrance. As a result DOT will be providing 24 hour security until the gate is completed. Mr. Crane cautioned everyone about using the temporary exit when leaving the facility.

Mr. Crane informed the Commissioners that there were 433 solid waste inspections, during the month of July (325 type 13 and 108 type 10). Total amount of settlements collected during the month of July was \$23,750.00.

Solid Waste and Recycling

Mr. Brennan reported that the Solid Waste Management Plan Update Committee had a meeting on August 9, 2006. The Committee reviewed the open points. In addition two representatives from the County attended. The County's part of the plan, on recycling and its coordination with the municipalities, will be a major part of the report. Mr. Brennan hopes to have a draft report ready for the September meeting, for review.
